

SQUIER:  
Another  
legend in the  
making.

# Easy to own, t

Utilizing the combined talents of an international team of designers, musicians and craftsmen, Squier was created to produce quality guitars, basses and amplifiers at extremely reasonable prices. Featuring the models which have now become household words -- Stratocaster®, Telecaster®, Precision Bass®, Jazz Bass® and Sidekick™ -- the Squier line brings quality and style to everyone, from students to professionals alike.

The Squier Sidekick amplifiers offer a variety of professional options in a rugged, compact package. Features such as 3-band tone controls, Volume/Gain/Master circuits and Headphone Jacks render these little dynamos perfect for every situation. And the state-of-the-art, solid-state
